**CALL US TODAY!**

## Other Services

### Mudjacking

We will re-level and restore driveways, patios, sidewalks, garage floors or any concrete slab at the half of the cost of new.

### Basement Waterproofing

Our drain tile system or crack injections are guaranteed to dry up your wet basement.

### Basement Wall Anchoring

If your basement walls are cracked or bowed, our "Grip-Tite" anchor system is guaranteed to solve the problem quickly and simply without excavation or disturbing outside concrete and landscapes.

### LeafProof® Features

- Our most advanced leaf protection
- Heavy Aluminum - No Rust
- Panels, which come in several colors, cover the entire top of gutter with water entering a small slit in the front; made possible through surface tension.
- No Maintenance Lifetime Guarantee - If It Clogs, We Clean it For Free

### Elite Screen Features

- Small Entry Holes Stop Smaller Debris Like Maple Seeds ("Helicopters")
- All Aluminum - No Rust
- Black Powder-Coated

### Standard Screen Features

- All Aluminum - No Rust

### Stainless Steel Mesh Features

- Extra Strong, Fine Mesh
- Stops the Smallest Debris, including Pine Needles and Shingle Grit
- Stainless Steel - No Rust

**Tried and true products that we have installed for over 20 years with hundreds of satisfied customers.**

### Common Features Of All Our Leaf Protection Products:

- Low Profile - Blends In With Roofline
- No Nails In Roof
- Installed So Debris Tends To Roll Off
- Lifetime Material Guarantee
- Can Handle Heavy Downpours

#### Cleaning:

Your entire gutter system is thoroughly cleaned and free-flowing before any of our gutter protection products are installed.

#### 4" Downspouts:

To gain extra assurance against obstruction, we can install our 4" aluminum downspouts. These downs have twice the drainage capacity of standard downs so debris tends to flush on through. The 4" downs are also heavy duty with a .027 thickness compared to the standard .019 thickness.
