

Why choose Tomlinson Cannon?

Decades of Loyal Service

- Locally owned and serving our customers since 1948
- Dedicated and highly skilled employees
- Best quality and installation methods
- Industry leading guarantees on our work
- We prioritize clean-up and will respect your home and property every step of the way

A solid roof is critical to the integrity and comfort of your home. It prevents water from damaging the interior of your home and protects you and your family during weather events. A roof installed by Tomlinson Cannon will:

- **Seal.** Prevents moisture from contacting the roof deck
- **Defend.** Protects your home against high winds and weather events.
- **Breathe.** Ventilates your attic to prevent ice dams and mold build-up.

Excellent service. Quality products.

Tomlinson Cannon uses Owens Corning Duration shingles with patented SureNail technology. Duration shingles provide a protection of 130 MPG winds and a 25 year StreakGuard limited warranty.

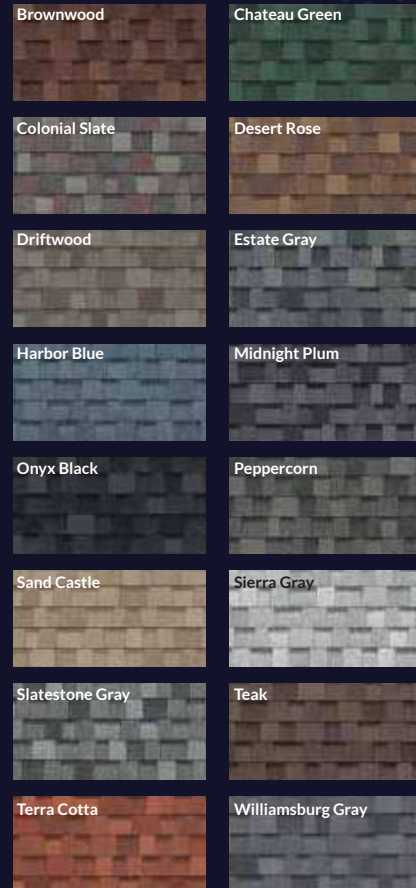

Additionally, Tomlinson Cannon offers Owen Corning Duration STORM shingles which provide additional impact resistance.

Extra savings.

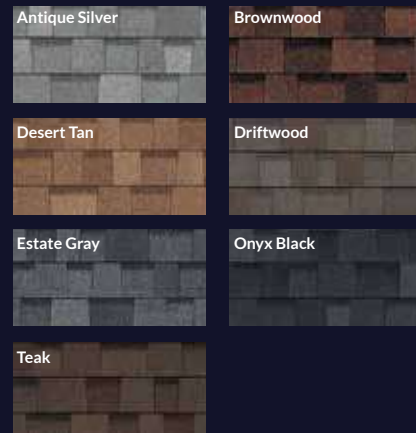

Maximize the value of your investment in your roof by bundling with seamless gutters and enjoy increased savings.
